DETAILED ACTION

Allowable Subject Matter

1. Claims 1-41 are allowed.
2. The following is an examiner's statement of reasons for allowance:

In prior office actions the examiner argued that applicant's admitted prior art read on the claims. Applicant pointed out, during the interview of 14 December 2004, that the examiner's references to the admitted art were written by the assignee after the filing date. Applicant amended claim 1 to include challenge and response information.

Challenge and response authentication is well known in the art, as outlined by Menezes et al. in Handbook of Applied Cryptography. Menezes does not disclose using non-encrypted information to authenticate a node of voice over Internet protocol. Applicant's amended claims no longer read on the admitted prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
